

# OH, HOW DARK THE NIGHT

1. Oh, how dark the night  
When the Lord prayed to spare his soul  
Cold with fearful heart  
And the sorrow that filled his call  
From that holy cup would he receive?  
As he raised his eyes, his heart believed  
'Father, not my will but yours be done'  
Prayed the Father's Son

2. On Mount Calvary  
Royal gifts of scorn they came to bring  
There our dying Lord  
With a crown of thorns, was made our King  
'Oh forgive them!' to heaven he cried  
Ev'n as they, with nails, their God defied  
All my sin forgiven on that day  
By the price he paid

3. Lord, my heart will sing  
And your sacrifice shall fill my praise  
Till that glorious dawn  
When, arisen Christ, you'll come again  
At our journey's end, the Day of days  
As the nations rise to see your face  
Jesus, I'll declare your victory  
And your love for me

At our journey's end, the Day of days  
As the nations rise to see your face  
Jesus, I'll declare your victory  
And your love for me

And your love for me
